

Funded by the Andrew W. Mellon Foundation, the C3 initiative (c3transformhighered.org) aims to broaden the participation of traditionally underrepresented groups into the professoriate, and to increase diversity within the graduate student population.

This year's conference will provide graduate students and postdoctoral researchers with an exceptional opportunity to learn about research and teaching careers at liberal arts colleges, and to engage in discussions about the role of diversity in higher education.

Day One: Monday, October 6

Location: Room 105, William and June Warren Hall
(except for afternoon workshops)
